Excitement Subsiding.

Buenos Ayres, April 4 .- The excitement that has prevailed here for some days past in consequence of the fears that the Radicals were about to attempt to overthrow the government is quiet-ing down, and it is believed that the decisive action of the authorities in ordering to the city large detachments of artillery and cavalry has had the effect of putting a damper on any revolution-ary ideas entertained by the Radicals. Chicado, Bh., April 8.—There was a decided novelty in Chicago to-day, a buillsh grain market. Advices of a coming blizzard, the reported opening of the straits of Mackina for navigation, a fulling off of 1.740,000 bushels in the world's wheat and flour shipments last week, and a decrease of 1.600,000 bushels in country clevator stock in the northwest were among the causes. Locallight professional speculators were quite bearsh at the start, but were generally found on the buying side at the close. Cables were quite heavy and lower. The weather was warm and showery and favorable for the winter wheat, and the news concerning the prospects of the anti-option bill in Congress was not reassuring. Business in the corn pit was of the slimmest proportions, but the feeling was firm. Oats were traded in liberally.

Stagnation was the rule in the provision market.
